

VR Journey – Week 3: Synchronous Group Field Trips in AltspaceVR

For this week's VR journey, we will be heading into AltspaceVR. We will be traveling to four different scenes in Altspace.

In order to complete the journey, please follow these instructions:

1. Download AltspaceVR to your Oculus Quest 2. You can find it in the Oculus app store, which is the same place from which you downloaded Engage.
2. Once you download Altspace, please create an account. If you're having trouble, refer to this support documentation:
<https://docs.microsoft.com/en-us/windows/mixed-reality/altspace-vr/getting-started/creating-and-linking-accounts>
3. The VR journey will occur across four locations. You can join locations from the "title screen" (see here for more information:
<https://docs.microsoft.com/en-us/windows/mixed-reality/altspace-vr/community/exploring-title-screen>)
4. Visit any four of the following six locations in AltspaceVR:
 - a. [Session ID 1] (Solar System -- make sure to go inside the Earth!)
 - b. [Session ID 2] (Burning Man)
 - c. [Session ID 3] (Interactive Maze)
 - d. [Session ID 4] (Last of the Glaciers)
 - e. [Session ID 5] (Daisy's Rainforest Bio Dome)
 - f. [Session ID 6] (Traditional Art Gallery)

Be sure to snap a screenshot during the experience and upload it to our Week 3 VR Journey Screenshot assignment on Canvas! You do not need to submit a screenshot from each world, just one screenshot from the day.

Note: We have chosen locations where we do not think you will encounter non-Stanford VR users. If you do encounter non-Stanford individuals, please be respectful of them. If they are not respectful toward you, feel free to leave the experience at any time. If you join synchronously during class time tomorrow, it is likely that other students from our class will be there!
